**PETITION FOR RECONSIDERATION**

Pursuant to Rule Section 1.106, Fire Chiefs Association of Plymouth County (Petitioner) requests that the Wireless Telecommunications Bureau (WTB) of the Federal Communications Commission (FCC) reconsider the pending termination of call sign WQRC557. Petitioner also requests a waiver of the portion of RULE Section 1.946(d) that limits the time period to file a construction notification to within 15 days of the expiration of the applicable construction period associated with this call sign. Applicant submits that the underlying purpose of the rule would not be served or would be frustrated by application to the instant case, and that a grant of the requested waiver would be in the public interest.

Petitioner certifies that station was timely constructed and placed into operation on or about May 1, 2013, well before the deadline. Petitioner submits that its failure to timely notify the FCC of this construction was inadvertent and due to an administrative oversight.
